

FOR YOUR MEETINGS AND BANQUETS

For business meetings, family reunions or other group functions, l'Hôtel Le Manoir offers a wide variety of options. Depending on the type of activity you wish to organize and the number of participants, you may choose among the following:

For groups of 16 to 450 people

The Cartier, Champlain, Ti-Basse and Comeau rooms are located on the ground floor looking directly over the St. Lawrence River. Except for the Comeau room, all these areas are separated by movable partitions which can be removed as necessary to create a vast reception area that includes the adjoining dining room. This great room has a capacity of up to 450 people. According to your needs, you can reserve one or several rooms, with or without the partitions.

For groups of 7 to 15 people

Guest rooms 129 and 211 are ideal for more intimate gatherings. You will find them very useful for workshops and press conferences.

For groups of 6 people or less

The McCormick suite is very well equipped, including ergonomic chairs, and can comfortably accommodate up to 6 people.

Other possibilities: The dining room and two bars, one with both a patio and a fire place, are also available to entertain your guests.

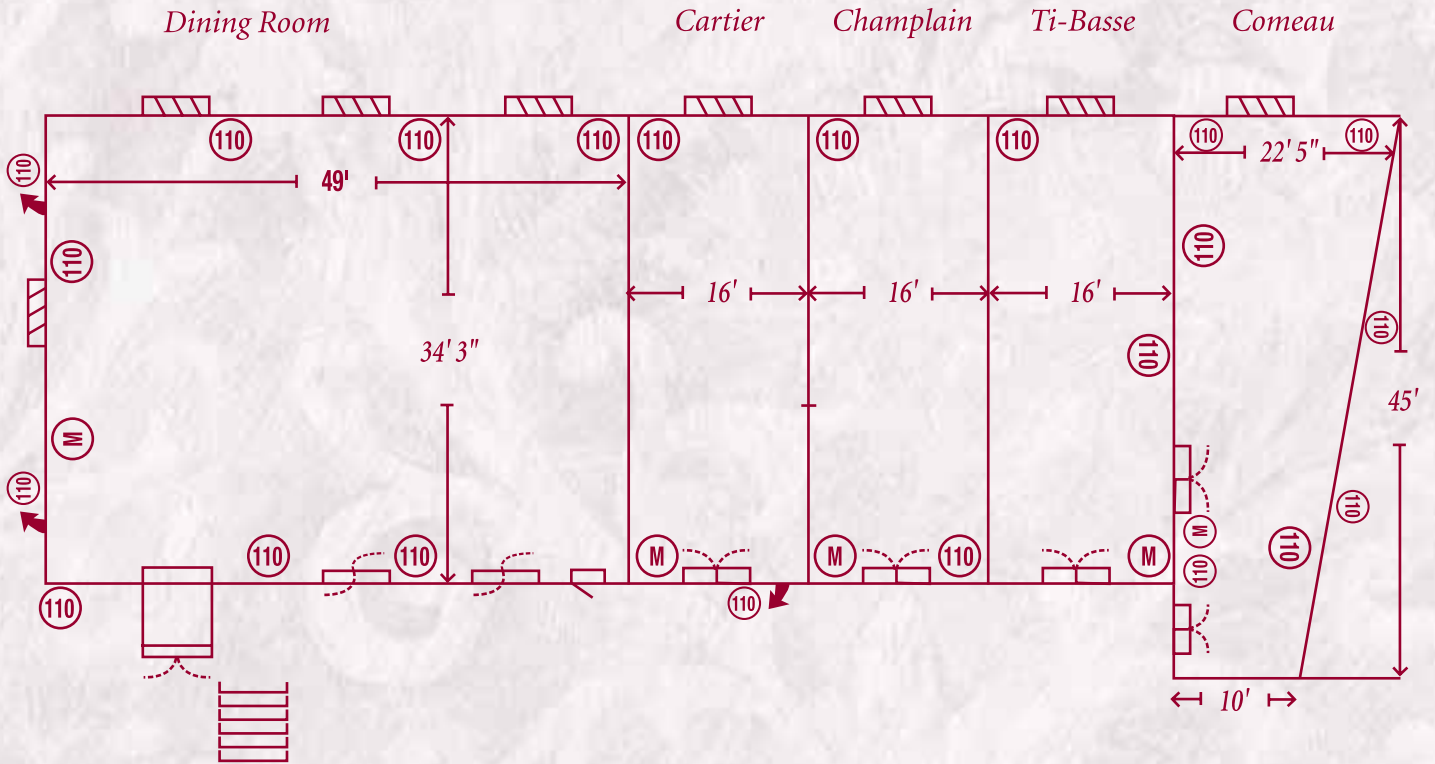

Rooms	Dimensions (ft)	Capacity			
		Banquet Style	Theatre Style	School Style	« U » Style
Cartier	34'3" x 16' x 10'2"	50	40	25	25
